Management

The Portfolio was started over 2 decades ago and has been managed internally at the Treasurer - Tax Collector's Office. The Board of Supervisors, in consultation with the Treasurer, has established an nine member County Treasury Oversight Committee pursuant to California Government Code section 27130 et seq. The Treasury Oversight Committee meets at least three times a year to evaluate general strategies and to monitor results and discuss the economic outlook, portfolio diversification, maturity structure and potential risks to the funds. All actions by the Treasury Oversight Committee are governed by rules set out in section 27131 et seq. of the California Government Code

Sandie Arnott is the Treasurer-Tax Collector and has been with the Treasurer-Tax Collector's office since 1989. She was previously the Deputy Treasurer-Tax Collector and is the Treasurer-Tax Collector effective January 2011. Charles Tovstein has been with the county since 1994 and is the Assistant Treasurer. Mr. Tovstein is the day to day portfolio manager for the portfolio.

Credit Quality

The San Mateo County Investment Portfolio's credit quality is excellent. The portfolio holdings are diversified and generally held in higher-rated, short term securities. According to investment guidelines, management is only permitted to buy short term paper rated either A1/P1/F1 or better by at least two of the three nationally recognized rating services and a long term rating of single A or better if applicable. Portfolio Assets

The Portfolio's investments are constrained by conservative guidelines outlined in the investment policy and listed below in order of priority: 1. Safety of Principal - The Treasurer shall seek to preserve principal and minimize capital losses by minimizing credit risk and market risk. 2. Liquidity - The pool attempts to match maturities with capital expenditures and other planned outlays. 3. Yield - The County pool is designed as an income fund to maximize the return on investable funds over various market cycles, consistent with limiting risk and prudent investment principles. 4. Leverage - The Treasurer shall not leverage the County pool through any borrowing collateralized or otherwise secured by cash or securities held unless authorized by this investment policy. Security Lending is authorized by this policy and will be limited to a maximum of 20% of the portfolio.

Eligible securities include treasuries, agencies, Commercial paper, Certificates of deposits, Banker Acceptances, Collateralized CDs, Asset Backed Securities, corporates, repurchase agreements, and Local Agency Investment Fund.

The 'S1+' volatility rating on the portfolio signifies that a portfolio possesses extremely low sensitivity to changing market conditions, and a level of risk that is less than or equal to that of a portfolio comprised of the highest quality fixed-income instruments with an average maturity of one year or less.

The volatility rating for this fund issued by Standard & Poor's can be found in the 'About the Fund' section on page 1. There is no standard method for determining volatility ratings. The rating is current as of the date of this profile report. The fund's portfolio may have changed since this date and there is no guarantee that the fund will continue to have the same rating or perform in the future as rated. Not all bond mutual funds have volatility ratings and those that do may have paid for them. The fact that a fund has a rating is not an indication that it is more or less risky or volatile than a fund that does not. The fund or a third party participating the marketing of fund shares paid Standard & Poor's for this rating. Standard & Poor's receives no payment for disseminating ratings, except for subscriptions to its publications
